| 7:00 | Breakfast - Exhibit Hall | | | | | | | | | | | | | | | 7:00 |
| 8:00 | Conference Opening Keynote John Papa & Burke Holland | | | These three sessions are moved to 12:30 in the original rooms. | | | | | | | | | | | | 8:00 |
| 9:45 | The Reusable JavaScript Revolution Cory House | What's New in ASP.NET Core 2.0? Scott Addie | From Developer to Data Scientist Gaines Kergosien | Mobile Development For Web Developers Justin James | Angular vs. React: A live demonstration, comparison, and discussion Kevin Grossnicklaus | Building Your Evil(?) Empire with Azure Functions Bryan Soltis | Building a Chat Bot with API.ai Erin Page | An Entrepreneur's Tale Randy Walker | Software Development to Leadership Cori Kristoff | The Thrill of the Hunt: The Return to Exploratory Testing Kylie Schleicher | Take Each Day and Work on Making it Better Dean Furness | You got your Dev in my Ops, You got your Ops in my Dev Paul Hacker | The Business Case for UX Danielle Cooley | Leveraging Microsoft Azure to enable your Internet of Things Ralph Wheaton | Neural Networks: The Good Bits Chase Aucoin | |
| 11:00 | Domain Driven Design: The Good Parts Jimmy Bogard | Serverless JavaScript OMG Burke Holland | Cloud Networking: What's underneath? James Nugent | From C# 6 to C# 7, then and now! David Pine | How do You Measure up? Collect the Right Metrics for the Right Reasons Angela Dugan | Becoming an Architect Ken Sipe | React for the Uninitiated Mark Meadows | A Skeptics Guide to Functional Style Javascript Jonathan Mills | I, for One, Welcome Our Robot Overlords: Intro to the Bot Framework John Alexander | Angular, the ASP.NET Pitch Ed Charbeneau | Accessibility Cookbook: 10 Easy Recipes Martine Dowden | The Hardest Part of Being an Architect: A Death Star Story Rick Peterson | Kotlin: What's in it For You Douglas Starnes | Understanding Azure Resource Templates Paul Hacker | Code Is Communication Steven Hicks | |
| 12:00 | Lunch - Exhibit Hall | | | | | | | | | | | | | | | 12:00 |
| 12:45 | Justin James | | | Kevin Grossnicklaus | Bryan Soltis | Keyhole Vendor Session | SylogisTeks Vendor Session | Daugherty Vendor Session | Polaris Vendor Session | Valorem Vendor Session | ArchitectNow Vendor Session | Couchbase Vendor Session | | | | |
| 1:30 | Getting Started with Machine Learning, for Non-Data Scientists Yung Chou | Build a JavaScript Dev Environment in 1 hour Cory House | The Saboteur in Your Retrospectives: How Your Brain Works Against You Arthur Doler | Self-assembling, self-healing systems in the AWS cloud James Nugent | All The New Things: A Madcap Tour of the latest in Microsoft Web Development Brad Tutterow | Authentication and Security Strategies for the Modern Web Spencer Schneidenbach | Intro to Hacking with the Raspberry Pi Sarah Withee | Beginner Reactive Programming with RxJS Cory Rylan | Serilog: Logging all Grown Up Brian Korzynski | Jewelbots: How to Get More Girls Coding! Jennifer Wadella | Microservice Powered Applications - It worked for Voltron, it can work for you! Brvan Soltis | Agile Metrics That Matter Clint Edmonson | What's New in Java 9 Billy Korando | .NET and Couchbase: Using NoSQL Is Easier Than You Think Don Schenck | 1 billion records IS NOT BIG DATA PEOPLE! Steve Howard | |
| 2:45 | Forget Velocity, Let's Talk Acceleration Jessica Kerr | The Modern ASP.NET Tech Stack! Sam Basu | Introduction to Asynchronous Code in .NET Bill Dinger | TypeScript -- JavaScript Reimagined David Pine | Agile Failures: Stories From The Trenches Philip Japikse | Reverse Engineering a Bluetooth Lightbulb Jesse Phelps | Next-level test-driven development Alison Hawke | A Lap Around Xamarin.Forms Douglas Starnes | Azure SQL Data Warehouse, Cloud BI Randy Walker | Should I be a generalist or a specialist? Eric Potter | An Extended Explanation of Caching Tom Cudd | Practical Security Practices: Threat Modeling Josh Gillespie | SQL Server For The .NET Developer Clayton Hoyt | A feature based approach to software development Ryan Lanciaux | | |
| 4:00 | Linux and Windows Containers, Not All Are Created Equal Yung Chou | ReSharper: Discover the Secrets Ondrej Balas | Intellectual Property Fundamentals for the Technologist Jeff Strauss | Productivity: How to get things done in this digital age Keith Elder | HoloLens Mixed Reality for Fun & Profit Gaines Kergosien | Compromise Less and Deliver More with Xamarin David Ortinou | Giving Clarity to LINQ Queries by Extending Expressions Ed Charbeneau | Javascript Asynchronous Roundup (Promises Promises...) Mark Meadows | What's new in VS 2017 and C# 7 Doug Mair | What Makes a Good Developer? - Increasing Your Value in a Polyglot World Eric Lynn | Moving into mobile with Angular 2 and Ionic Framework Mike Hamilton | Agile Delivery in a Waterfall World John Gobble | An Introduction to Microservices Mike Green | Love and hate, having conversations about going to the cloud Bryan Roberts | Bus Accident Management James West | |
| 5:30 | Attendee Party - Exhibit Hall | | | | | | | | | | | | | | | 5:30 |

| | Grand Ballroom A | Grand Ballroom B (record) | Grand Ballroom C (record) | Grand Ballroom D1 | Grand Ballroom D2 | Grand Ballroom D3 | Junior Ballroom A | Junior Ballroom B | Junior Ballroom C | Junior Ballroom D | Classroom 101 | Classroom 102 | Classroom 103 | Classroom 104 | Classroom 105 | | |
|-------|--|--|--|--|--|---|---|---|--|---|--|--|---|--|---|-------|-------|
| 7:00 | Breakfast - Exhibit Hall | | | | | | | | | | | | | | | 7:00 | |
| 8:00 | Make .NET Great Again! Sam Basu | Building Reusable UI Components in ASP.NET Core MVC Scott Addie*- | Visual Studio Code Can Do THAT?!? Burke Holland | Let's Talk About Mental Health Arthur Doler | Mechanics and Moxie: Modernizing Quality Assurance Kylie Schleicher | Introduction to Online Security Michael Dowden | Have Your Best Season Yet: Becoming a (Microsoft) MVP Lisa Anderson | Between Two Form Tags Danielle Cooley | Git Demystified Kent Peek | Managing Millennials Jim Drewes | Introduction to the D3.js visualization library Bryan Nehl | The Lean & Agile Transformation Playbook Clint Edmonson | Strategies for learning React Ryan Lanciaux | Survival Guide to the Robot Apocalypse - Intro to Deep Learning for Developers Steve Howard | Intro to Xamarin Ryan Overton | 8:00 | |
| 9:15 | A guide to JavaScript's scary side. Jonathan Mills | Refactoring Towards Resilience Jimmy Bogard | Fear and (Self) Loathing in IT – A Healthy Discussion on Imposter Syndrome Angela Dugan | Adding Realtime Features to Your Applications with SignalR Javier Lozano | How Mobile Web Works at Twitch Matt Follett | Building Powerful Applications with Angular and TypeScript David Giard | What C# Programmers Need to Know About Pattern Matching Eric Potter | Planet scale data with CosmosDB Bryan Roberts | Everything I didn't know about JavaScript Brad Tutterow | Why Aren't There More Women Developers? Jennifer Wadella | Microsoft Azure Makes Machine Learning Accessible and Affordable Douglas Starnes | Taming the Tentacles of Octopus Kevin Fitzpatrick | SQL Server Power Hour With Dan and Kathi Dan Guzman and Kathi Kellenberger | Naked and Not Afraid: How to Better Serve Your Clients Rick Peterson | Career Management - Better than Career Development John Maglione | 9:15 | |
| 10:30 | Your JavaScript Needs Types Spencer Schneidenbach | Planning for Failure Jesse Phelps | Custom Middleware & Microservices with ASP.NET Core Ondrej Balas | Dockerize Your Development Lee Brandt | Electron: Desktop Development for Web Developers Chris Woodruff | .CSS { display: What? } Martine Dowden | Confronting Your Fears: Entity Framework Performance Deep-dive Mitchel Sellers | JavaScript Futures: ES2017 and the Road Ahead Jeff Strauss | Introduction To the Microsoft Bot Framework Becky Bertram | Optimizing Application Performance Jason Turan | Data Science Platform Architecture Ryan Metcalf | Swift start on iOS development Muljadi Budiman | A Brisk Stroll Through AzureML Studio Kevin Queen | The Two Question Code Quiz: How to Interview Programmers Effectively Scott Connerlv | Maximize Professional Growth By Doing Scary Things Steven Hicks | 10:30 | |
| 11:30 | Lunch - Exhibit Hall | | | | | | | | | | | | | | | 11:30 | |
| 12:15 | | | | | | | Keyhole Vendor Session | SyllogisTeks Vendor Session | Daugherty Vendor Session | Polaris Vendor Session | Valorem Vendor Session | ArchitectNow Vendor Session | Couchbase Vendor Session | | | | 12:15 |
| 1:00 | The Power of Secrets Sarah Withee | Building a Highly Scalable Service that Survived a Super Bowl Keith Elder | Implementing Web Security in Your ASP.NET Applications Javier Lozano | Effective Data Visualization David Giard | Should I make the Transition to ASP.NET MVC Core? Will it Hurt? Mitchel Sellers | Moving into mobile with React Native Mike Hamilton | Migrating from desktop to serverless with AWS Bryan Nehl | .NET, Linux and Microservices Architecture Don Schenck | Securing ASP.NET Core APIs and Websites with IdentityServer Jeffrey St. Germain | Career Paths Beyond Sr. Developer Jim Drewes | Respond To and Troubleshoot Production Incidents Like an SA Tom Cudd | Taking Azure Application Insights to the Next Level Ralph Wheaton | Securing your Applications with Azure AD Mike Green | 5 Popular Choices for NoSQL on a Microsoft Platform Matt Groves | What Is Data Science? Ryan Metcalf | 1:00 | |
| 2:15 | ASP.NET Core + React Equals Awesome Lee Brandt | Continuous Delivery at Enterprise Scale Jason Whittington | Unit Testing Strategies & Patterns in C# Bill Dinger | Learning the Language of HTTP For A Better Data Experience In Your Mobile Apps Chris Woodruff | Agile: You Keep Using That Word... Philip Japikse | Microservices - A pattern for success David Davids | To Infinity and Beyond: Build Serverless APIs Bryan Roberts | Implementing a Modern Web Stack in a Legacy Environment James West | Teaching Kids Programming Sarah Phelps | Windows IoT Core Development on a Raspberry Pi Kevin Grossnicklaus | Feed your inner data scientist: JavaScript tools for data visualization and filtering Doug Mair | Introduction to Angular Muljadi Budiman | Introduction to Amazon AWS Brian Korzynski | ReadyRoll Core in Visual Studio 2017 Enterprise Ronnie Hicks | Growing a Dev Team from Bootstrap to Enterprise Scott Connerly | 2:15 | |
| 3:45 | Conference Closing Keynote Doc Norton | | | | | | | | | | | | | | | 3:45 | |
